Product Description

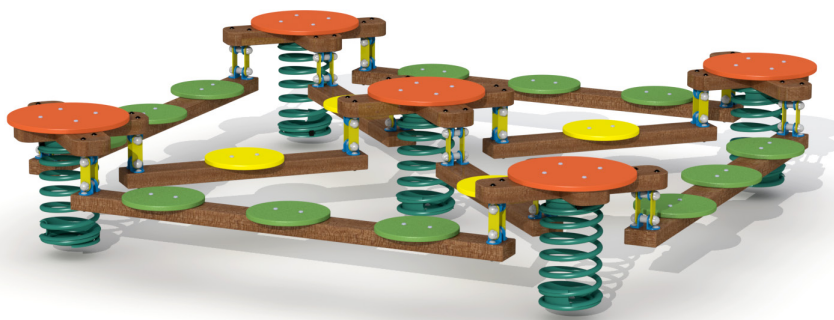

Balance bench for children aged 4 to 15. This playground equipment is set up in a square. De 4 corners consist of a spring on which round HDPE polyethylene seats are placed. They are attached to each other by means of padauk poles on which 3 round HDPE polyethylene seats are placed. The poles swing a bit when children cross them. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps.
