Polyester coated steel basket
Cross connection reinforced with heavy U profiles

Product Description

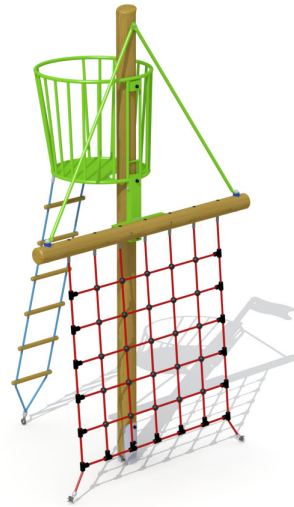

Crows nest with climbing net and rope ladder for children aged 6 to 12 years. The rope ladder has integrated rungs 40 mm thick. The basket is made out of steel; the cross connection is reinforced with U profiles. The vertical round wooden pole in oak has a diameter of 16 cm and is installed directly into the ground with concrete. As alternative, the crows nest is also available with pirate flag (U300). All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps.
