Product Information

Product type	Climbing Units
Certification	EN-1176
Dimensions	2,6 x H 2,8 m (length x width x height)

Technical Information

Maximum fall height	2,05 m
Security zone	29 m ²
Number of children	15
Concrete required	
No surface fixation available	

Materials

- Metal poles of diameter 127 mm
- Metal tubes diameter 34 mm
- Polyester-coated metal parts
- Plastic clamps
- Aluminium clamp system
- Plastic pole caps
- HDPE Polyethylene sheet material and climbing grips
- Ropes and nets in 16 mm polypropylene rope with steel-wire reinforcement
- Flower-shaped protection caps

Product Description

Climbing unit with the shape of a football for children aged 6 to 12. This playground equipment consists of 5 metal poles placed in the middle. Around the poles a metal frame is built in the shape of a football. All parts are connected by several playing possibilities: ropes with steel-wire reinforcement with at certain parts panels made out of HDPE polyethylene with plastic climbing grips, holes to crawl through, etc. Depending on the preferences the available frame colours are: black, white, blue, green, yellow, orange and red. The following colours can be chosen for the panels: purple, blue, green, yellow, orange and red. All metal parts are treated against rust and polyester coated. All nuts and bolts are completely covered with flower-shaped protection caps. This playground equipment is installed directly into the ground.
