Type of wood: larch, vertical poles in oak
Round wooden poles 10 and 12 cm thickness
Galvanized chains
45 x 95 mm boards as railings
Flower-shaped plastic caps

Product Description

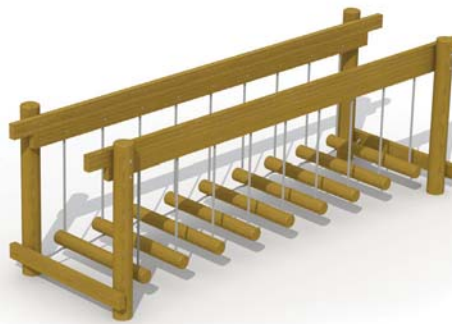

Adventurous playground equipment for children aged 6 to 12. The wobbly footbridge has 2 railings and 9 wobbly poles which are attached to each other and to the railing by galvanized chains. The wood used is larch, the vertical poles are in oak because they are fixed directly into the ground with concrete. All nuts and bolts are completely covered with flower-shaped plastic protection caps.
