(length x width x height)

Technical Information

Maximum fall height -
Security zone - m²
Number of children 10
Concrete required
No surface fixation available

Materials

Type of wood: pressure-impregnated pine
round wooden poles 12 cm thick
Plastic protection caps

Product Description

Wooden goal in pressure-impregnated pine. The goal can be combined with an UP & DOWN-fence to prevent balls from rolling too far. The round wooden pressure-impregnated pine poles have a diameter of 12 cm and are fixed into the ground by using metal base supports. All nuts and bolts are completely covered with plastic protection caps.
